FROM BEYOND

February 13, 2008

In 2006 Lucas and Jason Ajemian transcribed the 1971 Black Sabbath song "Into the Void" backwards and arranged it for a classical orchestra. The result is a new composition they have titled From Beyond. Although derived from an existing work, the incomprehensible sounds create a new musical dialect, which remains obtusely connected to the original, adding a reflexive dimension.

This will be the second public performance of the piece. It was first performed last year at the Palais de Tokyo in Paris and will be repeated this May at Moderna Museet in Stockholm. For this GBE@Passerby performance the brothers have adapted the score for slightly smaller orchestra and amplification.

From Beyond will be performed at 7, 7:30, 8, and 8:30, on the evening of February 13th @ 436 West 15th St. (bet. 9th and 10th Ave.). There will limited capacity for each performance. Audiences will be admitted on a first-come-first-served basis. Each performance will begin promptly on the hour/half-hour.
